The workshop aimed to have representation from different departments of Sohail University and involve them in interactive learning activities. The facilitator, Dr. Arshia involved all participants, made session interesting with different activities and tasks and provided knowledge on Teaching Competencies and how feedback can help learner development.

Main objectives of this workshop are as under:

- Awareness of teaching etiquettes
- Behaviors expected from a good teacher
- Building important Relationships
- Define feedback.
- Differentiate between various types of feedback.
- Apply the best ways to give feedback.
- Appreciate how feedback can help learner development.

Feedback of Participants

At the conclusion of the session, participants shared their feedback about the workshop. All attendees unanimously agreed that the workshop exceeded their expectations, and they found the content highly relevant and very effective.

In terms of workshop design, participants found the objectives closely aligned with their needs and appreciated the engaging activities throughout the session. Furthermore, an overwhelming 98% of teachers mentioned in their feedback that this learning will be helpful in their professional life. Participants expressed satisfaction with the well-managed three-hours session, which comprehensively covered the topic, cleared all concepts and provided valuable tips that a competent teacher should have.

Suggestions were made to organise such type of workshop at least once in a month and to include junior faculty members. Regarding the facilitator, participants praised her expertise and appreciated the overall organization of the session.

Strengths of the workshop:

- Two-way communication
- Opportunity to speak openly
- Interactive session
- Time management was good
- Clear delivery of content
- Very informative & advanced
- Well Structured

Highlights of the session:
